Hidden Nature

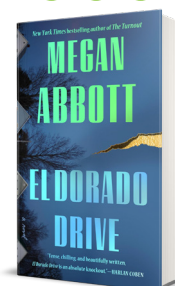

Nora Roberts

Natural Resources police officer, Sloan Cooper, and her partner had just taken down three men preying on hikers in the Western Maryland mountains. Driving back, she pulled in at a convenience store – and walked right into a robbery in progress. One gunshot from a jittery thief was about to change her world.

After being shocked back to life on the operating table, she has a long recovery ahead, so she moves back to her parents' peaceful house in Heron's Rest. As for the boyfriend who dumped her via text while she was in the hospital, good riddance.

She may be down, but she's not out. So when a woman vanishes, leaving her car behind in a supermarket parking lot, Sloan searches online for similar cases. She finds them, spread across three states. Men and women, old and young – the missing seem to have nothing in common. And the abductions keep happening.

It will take every ounce of endurance to get to the dark heart of this bizarre case – and she's willing to risk her life again if that's what it takes to stop the horror.

The Cardinal

A Novel of Love and Power
Alison Weir

Cardinal Thomas Wolsey enjoyed one of the most meteoric careers in history. His rise from humble beginnings coincided with young Henry VIII's ascension to the throne in 1509. The two grew to be cherished friends, and by 1515 Wolsey, now a cardinal, had become the controlling figure in all matters of church and state.

Wolsey operated on an international stage and worked hard to broker universal peace. All was going dazzlingly well until Henry fell in love with Anne Boleyn – the woman whom Wolsey would one day call 'the night crow' – and sought to end his marriage to his first wife, Katherine of Aragon. Swept up in the maelstrom of 'the Divorce', Wolsey, who had successfully given his master everything he wanted, found himself in an impossible situation. As he drew the ire of the future queen, the cardinal found his privileged life and his relationship with Henry crumbling around him.

On Again, Awkward Again

Erin Entrada Kelly & Kwame Mbalia

When Pacy Mercado and Cecil Holloway spot each other during the first week of freshman year, it's love at first sight. Well, more like love at first fleeting, injury-riddled glance, since the moment is ruined thanks to clumsiness and a criminal case of IBS.

Despite their total lack of game, Pacy and Cecil are drawn to each other. Seven seconds of eye contact turns into days of yearning and stress as they make the mistake of following misguided advice from their friends, dysfunctional families and strangers on the internet.

But the universe conspires to bring Pacy and Cecil together when they both end up on the WADS committee to plan the freshman dance (that's Wakeville's Awesome Décor Society, if you must know).

As they spend more time together, they realise that the other person might be just what they need ... that is, if they can figure out how to be themselves and embrace the mishaps, mistakes and hilariously awkward interactions that make up their imperfectly perfect love story.

Every Deadly Suspicion

Janice Cantore

In Dry Oaks, California, Chief of Police Hanna Keyes has long believed her father, Joe, is a murderer, justly imprisoned. When she's told he's dying and is being given compassionate release from prison, she wants nothing to do with him. But taking him in might be Hanna's one shot at cracking the cold case, so she reluctantly agrees to oversee his care.

Joe's arrival in Dry Oaks seems to set off a chain reaction of crimes. As Hanna tries to convince her father to reveal what he knows about the missing persons, evidence in the cold case surfaces at a suspiciously rapid pace ... suggesting there's more to the murders than people thought.

With Joe's strength failing, Hanna and her colleagues look for answers, not only about the past but also about recent criminal dealings in Dry Oaks. As the puzzle pieces start to fit together, it becomes clear that there's a sinister plot at work, far more wide-reaching than anyone suspected, and that someone is desperate to silence the truth at any cost.
