The Residency

C.D. Major

Artist and single mother Ginny is offered a place on a three-month artist retreat on a remote Scottish island. She leaps at the chance. Even better, her host is happy for her to bring her daughter Isla.

But the island is not what it seems. The inhabitants greet Ginny and Isla with stares and avoid contact wherever possible. And the house they're staying in is old and strange. Eerie whispers follow Ginny through the corridors. Artworks once covered become uncovered. And unexplained smells cling to the walls lavender, cigar smoke and vomit.

With no WiFi on the island, no help from the locals and no regular transport back to the mainland, Ginny is stranded and all alone. She must unravel the dark secrets of the house before they claim her and her beloved daughter.

On Mystic Lake

Kristin Hannah

Annie Colwater's only child has just left home for school in England when her husband of 20 years confesses that he loves another woman. Left alone in her beautiful California home, Annie comes to the painful realisation that she's no longer the confident, competent woman she was years ago.

Devastated, Annie retreats to Mystic, the remote lakeside town in the Pacific Northwest where she grew up, hoping to rebuild her life and self-esteem. There, she is reunited with her first love, Nick Delacroix, recently widowed and trying to cope with his emotionally scarred young daughter. Together, the three of them begin to heal. But just when Annie believes she's been given a second chance at happiness, her world is turned upside down again and she is forced to make a choice that no woman in love should ever have to make.

Beau Donovan was born for the arena, his scars hidden behind a lazy grin and a smart-mouth joke. After a career-ending accident nearly took everything, he's fought his way back to the top of the circuit. The last thing he needs is a distraction, especially one with sharp eyes and an even sharper tongue.

Journalist Bailey James has built her career on staying detached, but three weeks shadowing the circuit's most enigmatic rider for a profile piece is testing her resolve. She's too curious, too beautiful and too dangerous for a man like Beau. What begins as a simple arrangement quickly spirals, sparking a connection that neither of them expected.

He's fighting for control. She's fighting to stay professional. Under the vast desert sky of Arizona, a no-strings deal turns into a risk that could shatter them both.

COOL

MACHINE

1981. New York City is beginning to emerge from financial ruin and decline, energised by rampant real estate development and a Wall Street unchained by Reagan-era predatory capitalism. In Harlem, successful business owner Ray Carney has been named Sterling Furniture's Dealer of the Month. When the banks won't give his wife a loan for her travel agency, Carney gambles on one last heist and finds himself entangled with a legendary criminal mastermind.

1983. To some, Carney's partner in crime Pepper is a sociopath. To others, a top thief with questionable people skills. When he takes on a bodyguard gig, he's plunged into the alien territory of the East Village art and club scene. Whether you're uptown or down, everyone speaks the same language of violence – Pepper is a native speaker.

1986. Carney has always been haunted by his inability to save his cousin Freddie. Now, he has a chance to rescue Freddie's son. But coming out of retirement and teaming up with Pepper again will mean risking the safety he's spent decades building, with only one shot to get it right.

'Cool Machine is the latest in [Whitehead's] staggeringly poignant oeuvre. New York City as it existed in the 1980s serves as the backdrop for this novel, and Whitehead masterfully leverages both its grit and glamour to stunning effect.'

– Harper's Bazaar

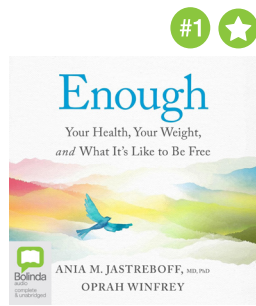

'The heists, stakeouts and showdowns are rendered with grit and precision, but the real wallops come in breathtaking riffs on the city's magnetic force ... It's the greatest New York novel in years.'

Weathering Storms

Alice Taylor

As we go through life we weather many storms.

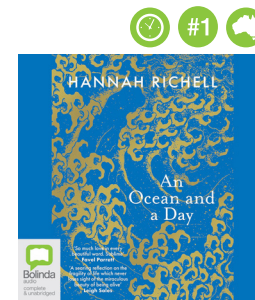

We lose family members, close friends and animals we love, and they take with them the warmth and shared memories of many years. Alice discovered recently that the loss of a much-loved tree, planted before she was born, caused an emotional upheaval she had not anticipated. With the loss of her favourite tree that had enriched her life for decades, she began to ask herself: are there ways to make later life rich and interesting? How do you make growing older a good time in life?

She has no answers, only a story to be shared.

Boys

Building Strong Young Men from the Inside Out
Dr Justin Coulson

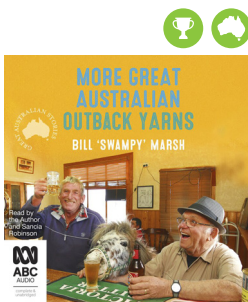

He's disappearing. Behind the closed door, lost in screens, making choices that keep you up at night. He's navigating a world designed to confuse him – algorithms designed to addict him – a world parents can't break into. Headlines scream that boys are in deep trouble ... and it's getting worse.

Dr Justin Coulson has a different story to tell. In *Boys*, he reveals the conclusion of decades of research: when boys get what they actually need, they thrive. Not through force, but through connection, meaningful challenge, and someone who refuses to give up on them.

And behind Coulson's practical, research-backed strategies lies something more powerful: a vision of masculinity worth fighting for. Boys who help others feel safer and stronger. Who create surplus value. Who become not just good men, but the very best version of themselves they can be.

ONE FINAL
JOURNEY...

A LOVE THAT
DEFIES TIME

'I started this, but truly, I have no idea how to end it without breaking my heart.'

When Pixie Tate is sent to solve a mystery at the old Aphrodite Theatre in Cornwall, she expects to find another restless spirit waiting behind the velvet curtain.

But when she discovers the theatre is just a few miles down the coastline from where she met the love of her life, Cavill Pengower, she realises that it is no coincidence.

As she slips back 100 years, Pixie knows she must not only unveil what happened to the woman whose spirit haunts the stage today, but somehow sever this powerful connection with Cavill once and for all.

Yet, as she embarks on this final journey to settle the soul and save the theatre's production of Macbeth, she fears that this time, it might just break her forever ...
