## Welcome to the 2026/27 Standing Orders from Bolinda.

At Bolinda, our focus is simple: delivering content that *lends*. We're here to provide the very best – supported by fast, dependable service that works for your team, your shelves, and your budget.

**Your readers, your timelines, your goals – always front of mind.**

In the past year, we've seen a meaningful shift in the way stories are enjoyed. Across all age groups, readers are embracing digital formats – effortlessly borrowing eBooks, eAudiobooks, and ePress. Library technology isn't just accepted; it's expected. And together, we're at the forefront of that change.

**This year, we're proud to celebrate 15 years of BorrowBox** – the world's first fully native library app offering all four formats in one seamless experience.

From humble beginnings to becoming the leading digital solution, BorrowBox is today also ranked **No. 1 for ePress on the iOS App Store** – a clear sign that your users are loving this new content category on BorrowBox.

And there's more to come. We're rolling out exciting innovations designed with you in mind:

- **Connect Analytics** – meaningful insights at your fingertips

- **New Language Store** – across all formats

- **Simultaneous Access Titles** – so you can serve more members, instantly

While digital continues to grow, our commitment to physical formats remains unwavering. Our CD service is best-in-class – with premium packaging, and a quick turnaround you can count on. For many libraries, CDs are still essential, and we're proud to keep delivering quality that lasts.

Audiobooks are booming – and we're making sure you get the best. Every title is carefully curated to be relevant, high-impact, and ready to meet your members wherever they are.

In this year's standing orders, you'll find a preview of what's ahead: world-class content, smarter solutions, and a team that's genuinely committed to your success.

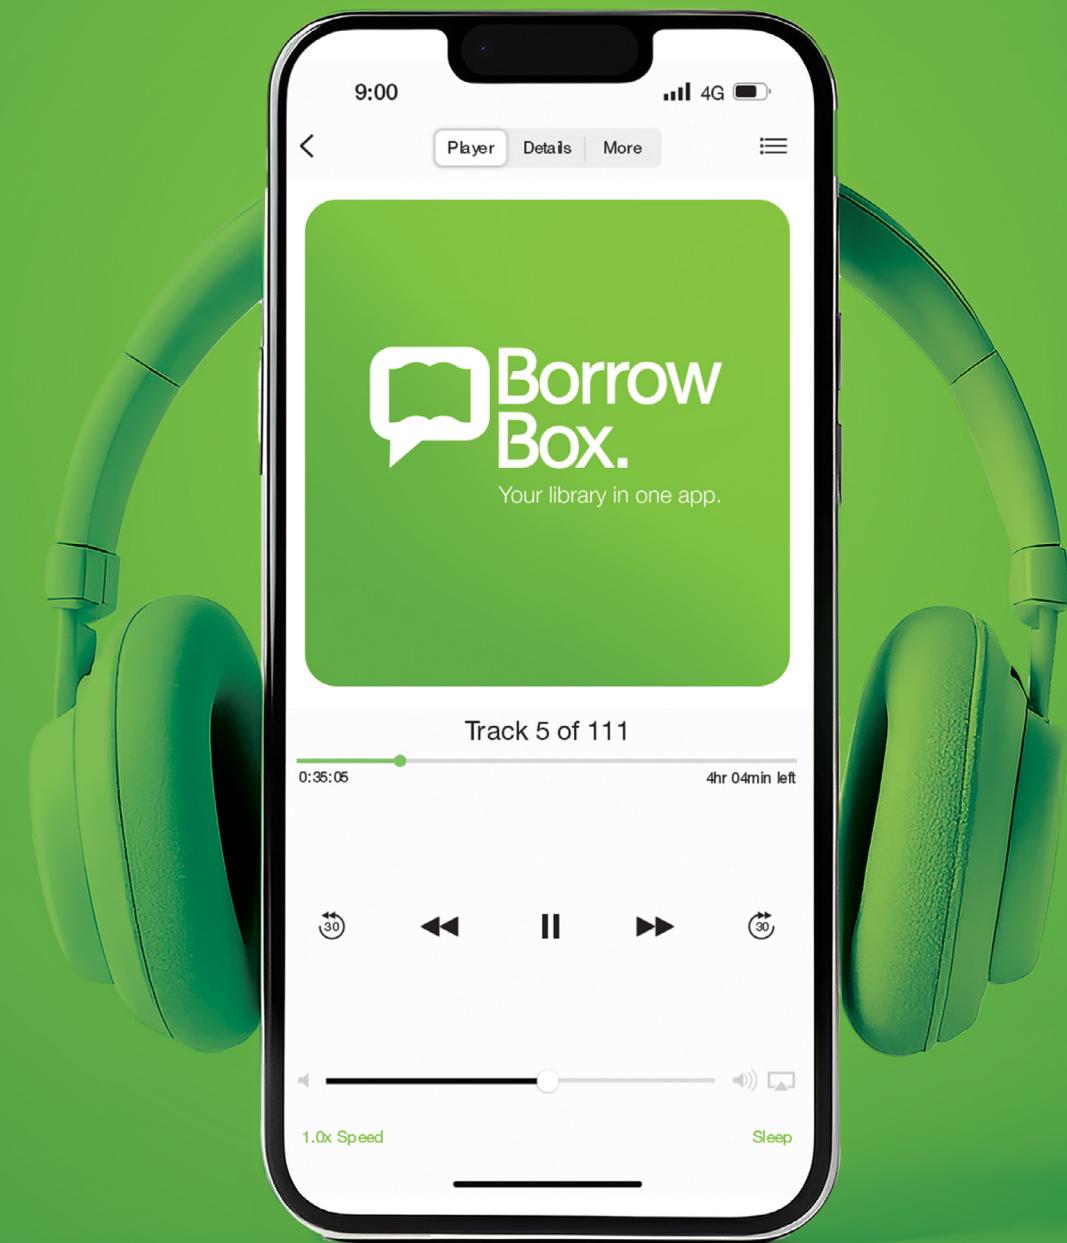

Thank you for choosing Bolinda. We're proud to be of service, purpose-driven, and completely focused on supporting your library – wherever and however stories are shared.

**Anywhere. Everywhere.**

Warm regards,  
**Rebecca & Jan**
