House of Two Pharaohs

Ancient Egypt #10
Wilbur Smith & Mark Chadbourn

Since his appointment as Nomarch of Memphis, by the God-Pharaoh Rameses, Piay has thrown himself into pulling the city back from the brink. The famous white city walls have been rebuilt, the once starving inhabitants fed and every day caravans have arrived from the desert wastes, filled with the many riches looted and hidden by the Hyksos. But when the body of a murdered scribe is found sealed inside the newly constructed city vault – the mark of Anubis, god of death, scrawled next to him in his own blood – panic sweeps the city. Only the wisest man in all Egypt can solve this mystery – Piay's mentor, the great sage Taita.

Called from his place at the God-Pharaoh Rameses's side, Taita's arrival in Memphis calms the populace, but it isn't long before the mark of Anubis appears again, and again. Taita and Piay are drawn into a battle of wits against a criminal mastermind turned warlord, his aim – with the demise of the Hyksos – to see the kingdom of the Red Pretender restored and the forces of Rameses crushed.

The Eleventh Hour

Salman Rushdie

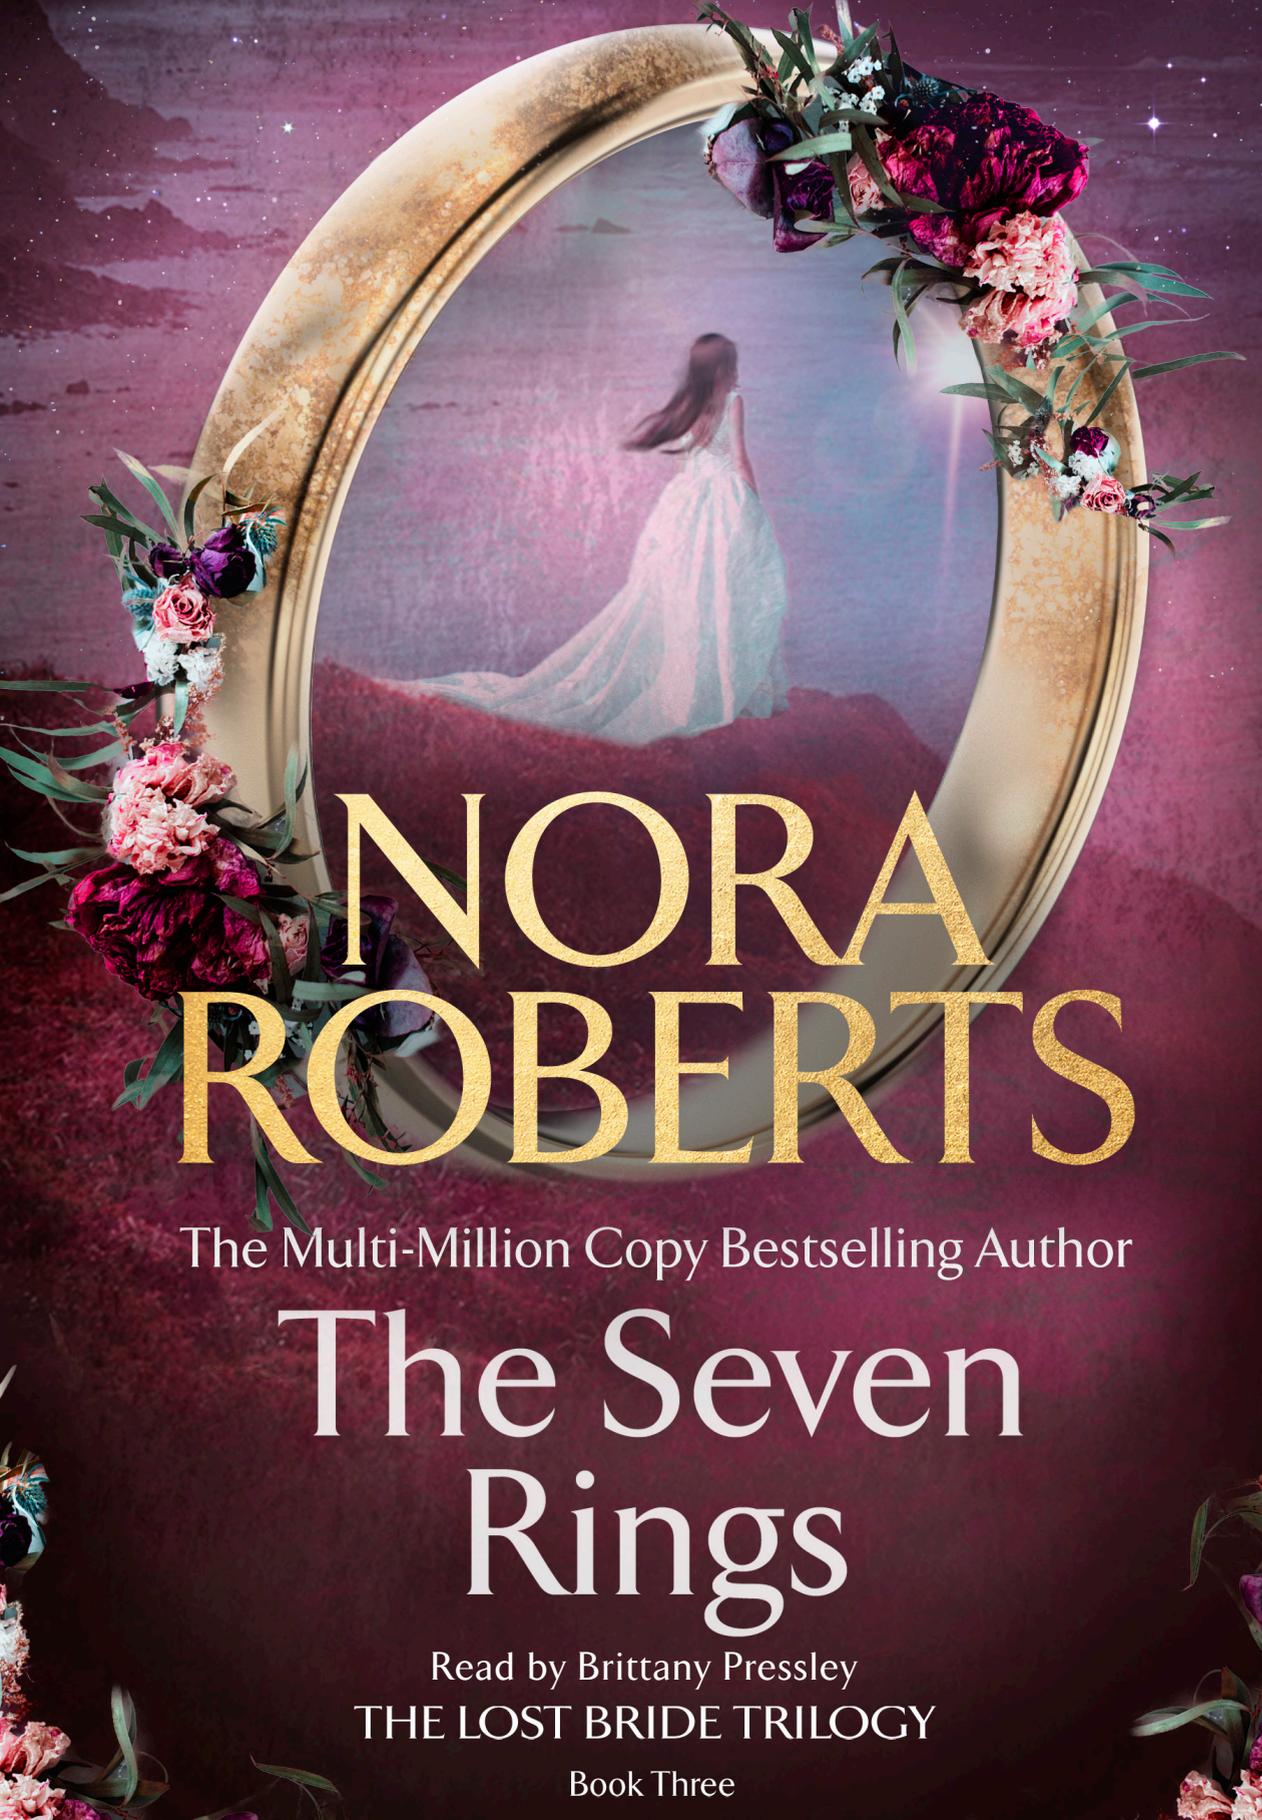

If old age was thought of as an evening, ending in midnight oblivion, they were well into the eleventh hour.

Two quarrelsome old men in Chennai, India experience private tragedy against the backdrop of national calamity. In the Bombay neighbourhood of Midnight's Children, a magical musician is unhappily married to a multimillionaire. In an English university college, an undead academic asks a lonely student to avenge his former tormentor.

These five dazzling stories move between the three countries that Salman Rushdie has called home – India, England and America – and explore what it means to approach the eleventh hour of life. They are the reckoning with mortality that we all must one day make, and speak deeply to what the author has come from and through.

The Eleventh Hour ponders life and death, legacy and identity with the penetrating insight and boundless imagination that have made Salman Rushdie one of the most celebrated writers of our time.

Determined to bring light to this haunted place – to fill it with people, with life and hope, once again – Sonya decides it is time to break the curse and banish a malevolent spirit once and for all.

But the enemy in the black dress continues to hover, coming at her in frightening forms. They may be illusions – but illusions can be powerful enough to wound, even kill.
