LAND *of* GHOSTS

E L James

#1 *NEW YORK TIMES* BESTSELLING AUTHOR

In a single, devastating moment, I lost everyone I loved.

Now I'm in London, living with my sort-of-uncle Dylan. And the only thing we have in common is loss. This new life isn't a life. It's unbearable.

Except – there's someone else here. A young man. He can't be real. Can he? He's funny, cool, infuriating ... and he understands me in a way no one else does. But only I can see him.

Before I know it, he's all I can think about. All I can dream about. Am I falling in love ... with a ghost?

'Swapping the scandalous for the supernatural in an irresistible paranormal romance, the globally bestselling author of Fifty Shades of Grey *holds out the spectre of perfect love to a young woman living with loss.'*

— Waterstones

Wealth by Design

8 Rules for Smarter Investing and Financial Freedom

Stuart Wemyss

Many people earn well for decades without building wealth. Not because they lack intelligence, but because surplus cash leaks away, investing becomes sporadic, and emotion takes over when markets move.

Wealth by Design gives you a repeatable, evidence-based system for building long-term wealth – a 'wealth operating system' – grounded in how compounding works in practice, and how real people behave under fear, greed and uncertainty. Wemyss outlines eight easy-to-implement practices to design your ideal future lifestyle:

1. Think in decades, not days
2. Know how much income you need and by when
3. Build a savings engine that runs on autopilot
4. Focus on growth, then introduce more liquidity and reduce gearing
5. Adopt a value-aware asset allocation
6. Invest in shares in an evidence-based way
7. Only own property with enduring, scarce, and growing demand
8. Remove as much risk as possible.

Lifestyle - Wellbeing

Love is consuming, love is boundless. Isn't it natural for love to then spill out of the lines we draw around it?

Even before polyamory burst into the mainstream with its magnetic promise of liberation, Michelle Tea has been on the forefront, searching for a love without judgment. Her husband – though firmly monogamous – understands her enough to embark on a playful and sometimes painful adventure through such a marriage.

With years of experience on the queer scene, Michelle Tea uncovers the risks and rewards of non-monogamy, the honesty it requires, the guilt it elicits. Emphatic and refreshing, *Free Love* is an unforgettable lark through poly parties, STI clinics, tarot readings and good old-fashioned sluttery.

'*This is the polyamory book I've always wanted – nitty-gritty gooey honesty cut with a zoomed-out historical, political, spiritual context. Tea reminds us that a radical, expanded life might also be the most stable and sustaining life.*'

— Miranda July, *New York Times* bestselling author of *All Fours*

'*Michelle Tea is our luminary of optimistic rebellion.*'

Stockings, lisle ... shoes, black clumpy ... the list went on and on. And to think that she'd chosen the WAAF because the blue uniform looked so smart!

When war broke out, 17-year-old Christie could have stayed down on the family farm in Norfolk, where she was wanted and needed. So why had she joined up? Come to that, why had Meg from Cheshire, and Sue, very much the big city girl from Liverpool, and Shanna, the life-toughened product of a broken home in Glasgow? Mixed reasons. Very mixed backgrounds. But no time to think now. Not with the sergeant shouting and the station air-raid siren beginning to wail ...
